To honor their memory, two scholarships are being offered. The scholarships will be selected by school personnel based on personal integrity and individual need. The scholarship will be provided to help encourage the graduating senior with their investment in their higher education.

Scholarship funds will be sent to the certificate program, trade school, junior college, college or university where the student enrolls and can be used for tuition, books, room and board, or other related expenses. The scholarship funding is for the first year of post-secondary education and is non-renewable
