March 23, 2020

Dear Parents,

Thank you so much for being a partner in these uncertain times. Our teachers, teacher aids, support staff and myself miss the children more than words can express. Many heartfelt stories are being told and we are truly thankful we can keep in touch in various ways even if it is not face to face.

Knowing the importance of continuing education, the goal of this letter is to outline a learning plan that will take us through the end of the 2019-20 school year.

- March 20th Educational packets were picked up by families on this date.
- April 2nd PS-6th should return completed packets to the school and pick up the new education packets. The new packet will be a three week packet for grades PS-6th.

4th, 5th & 6th grades will begin to move to on-line learning through SeeSaw and Google Classroom. Teachers will continue to assign work through these communication tools.
- April 23rd PS- 6th can drop off the completed packet. PS-3rd will pick up the final 3 week packet. Grades 4, 5 & 6 will not receive a packet and instead will have transferred to on-line learning.

Grading will take place in 4th, 5th and 6th grades in core subjects: Math, Reading, Writing and Science. Teacher feedback will be provided in the lower grades, however, grades will not be taken at this time. If at any time you have a concern about teacher feedback or grading, please reach out to your child's teacher.

Beyond academic/school work, please know that taking time out to study the word, pray and serve others is crucial in these difficult times. We all know who is in charge and we can be thankful there is a plan already established for us.

If you have any questions or concerns, please email me at the address ppeatrowsky@gaccbluejays.org

Sincerely,

Mrs. Paula Peatrowsky - Principal

In addition, the Nebraska State Education Association has partnered with Lincoln Public Schools and News Channel Nebraska (with funding from the National Education Association) to offer 2 hours of elementary programming and 2 hours of secondary programming each weekday live across all NCN channels. The programming will later be made available On Demand online:

There are multiple ways to access this new educational programming.

- www.newschannelnebraska.com stream and app
- TV (cable, satellite, over the air *Over the air does not need the internet, just a \$10 antenna, which can be purchased in bulk)
- NCN on Amazon Fire, Apple TV, and Roku
- Facebook Live broadcast via NCN
- The programs will also be available on-demand through www.nsea.org

These lessons will be presented by certified teachers across multiple subjects. **This is not intended to replace our learning packets or our on-line learning, but to supplement.** All lessons will be based on our Nebraska State Standards.

Programming will begin on Monday, March 23. Grades K-6 content will be offered live from 9 a.m. to 11 a.m. and grades 7-12 content from 1 p.m. – 3 p.m.

THE MISSION OF GUARDIAN ANGELS CENTRAL CATHOLIC SCHOOL IS TO PREPARE ALL STUDENTS TO REACH THEIR FULLEST POTENTIAL BY LEARNING AND LEADING THROUGH CHRIST.
